The Strength of **Fundamentals**

John Keells Holdings PLC Interim Condensed Financial Statements nine months ended 31 December 2022

Chairperson's Message

Dear Stakeholder,

Summarised below are the key operational and financial highlights of our performance during the quarter under review:

- Group EBITDA recorded an improvement to Rs.10.41 billion during the quarter under review, which is an increase of 9 per cent against the comparative period of last year [2021/22 Q3: Rs.9.53 billion]. Excluding the impact of a one-off deferred tax charge at South Asia Gateway Terminals on account of the significant change in income tax rates, Group EBITDA increased by 17 per cent to Rs.11.17 billion in the third quarter of the financial year 2022/23.
- Apart from the Consumer Foods and Property industry groups, the Group's businesses recorded growth in EBITDA compared to the third quarter of the previous year.
- The Transportation industry group recorded an increase in profitability due to its USD denominated revenue streams and resultant translation gains due to the depreciation of the Rupee as compared against the previous year.
- The groundwork on the West Container Terminal (WCT-1) at the Port of Colombo is progressing well with the dredging works being rapidly completed. The contract for the quay wall construction, a significant component of the overall construction works, was awarded in October 2022. Overall timelines for the project remain as originally envisaged.
- The Leisure industry group recorded a strong performance driven by the Maldivian Resorts and Colombo Hotels segments.
- The Supermarket business recorded an EBITDA growth of 26 per cent to Rs.1.99 billion due to an increase in same store sales driven by a combination of higher customer footfall and basket values due to high inflation. The overall profitability in the Retail industry group was impacted by a substantial decline in the EBITDA of the Office Automation business compared to the third quarter of the previous year.

- Profitability in the Consumer Foods businesses were impacted by volume declines reflective of dampened consumer sentiments, and lower margins, although margin pressure is expected to ease off from the fourth quarter of 2022/23 onwards.
- The Property industry group recorded a decline in profitability as the third quarter of the previous year included revenue and profit recognition from the handover of the residential apartments and commercial office floors at 'Cinnamon Life'. The recognition of revenue of all units sold at 'Cinnamon Life' up to 31 March 2022 was recorded across 2021/22.
- The Insurance business recorded a growth in the life insurance surplus and gross written premiums whilst Nations Trust Bank recorded an increase in net interest margins and a reduction in costs.
- The Group's carbon footprint per million rupees of revenue decreased by 25 per cent to 0.38 MT while the water withdrawal per million rupees of revenue decreased by 17 per cent to 7.56 cubic meters.
- Initiatives under 'ONE JKH', the Diversity, Equity, and Inclusion (DE&I) brand of the John Keells Group, included a perception survey to better understand employee awareness and sentiment towards increasing career opportunities for persons with disabilities.
- Cognizant of the multiple economic hardships faced by the people of the country, and in recognition of the Group's role as a leading responsible corporate citizen, the Group continued its multipronged crisis response programme with a particular focus in the areas of food security, education and nutrition among vulnerable segments such as school children.

| | Quarter end | ing 31 December 2 | Nine months e | nding 31 Decembe | r 2022 | |
|---------------------|---------------|-------------------|---------------|-----------------------|-----------------------|-------|
| EBITDA* (Rs:000) | Q3 2022/23 | Q3 2021/22 | % | Cumulative 2022/23 | Cumulative 2021/22 | % |
| Transportation | 1,498,535 | 1,395,668 | 7 | 9,084,866 | 3,620,152 | 151 |
| Consumer Foods | 402,382 | 1,004,217 | (60) | 2,644,604 | 1,922,194 | 38 |
| Retail | 2,320,385 | 2,274,900 | 2 | 6,602,516 | 5,165,667 | 28 |

*EBITDA includes interest income and the share of results of equity accounted investees which is based on the share of profit after tax but excludes all impacts from foreign currency exchange gains and losses, to demonstrate the underlying cash operational performance of businesses.

Chairperson's Message

The quarter under review witnessed the continuation of normal day-to-day consumer and business activity, supported by continued political and social stability and less disruptions on account of the macroeconomic challenges.

During the quarter under review, Sri Lanka's foreign exchange liquidity position recorded an improvement from the peak stresses witnessed during the first two quarters of the financial year, thereby significantly reducing the supply chain disruptions and shortages of essential items seen previously. Whilst challenges pertaining to the sovereign credit rating and related financial challenges in the country still persist, the severe pressures on the domestic business environment as a result of the external financing and liquidity pressures have now substantially reduced, enabling a more normal operating environment.

Following Sri Lanka reaching a staff level agreement in September 2022 with the International Monetary Fund (IMF), positive progress has been made on the finalisation of an Extended Fund Facility arrangement. India and China, two of Sri Lanka's largest bilateral lenders, have recently provided financing assurance to the IMF committing to support Sri Lanka's debt restructuring programme. As per the Government, the final IMF board approval is anticipated in the first quarter of 2023.

Further to the Government's announcement on several significant policy actions and reforms aimed at achieving fiscal consolidation and reaching sustainable debt levels, increases in corporate income tax and indirect tax rates were implemented with effect from 1 October 2022, together with upward revisions in personal income tax rates and the reintroduction of withholding tax mechanisms being made effective from 1 January 2023. The Government also announced a second revision to electricity tariffs which will further reduce the cost of subsidies to the Government and improve state revenue. The full impact of these measures on consumer disposable incomes and spend is yet to be seen. The measures taken to improve the fiscal position of the Government are necessary at this juncture. However, these increases will impact consumer disposable incomes as well as inflation, including increasing the operating costs of businesses. While revenue increases through tariff adjustments will boost Government revenue in the short term, the sustainable solution, and need, is to ensure improved productivity, investment in better technology through collaboration and reduction of expenditure to ensure a more competitive and comparable cost of production of energy and other utilities.

During the quarter under review, Sri Lanka witnessed a deceleration in inflation rates as prices started to stabilise due to the high interest rate regime. However, the continued elevated inflation prevalent since the beginning of 2022/23 and the impact of higher indirect tax rates has started to dampen consumer discretionary spend, the impact of which we are gradually witnessing in our Consumer Foods and Supermarket businesses. The Central Bank of Sri Lanka expects inflation to reduce to low single digits by the end of this year aided by the continued tight monetary policy and favourable base effects together with the easing of global inflationary pressures. The gradual tapering of inflation, reduction in global commodity prices and a less disruptive operating environment are expected to ease the pressure on margins from the fourth guarter onwards, particularly as we deplete raw material inventory acquired at higher costs.

It is encouraging to witness the gradual recovery in tourist arrivals to the country, where arrivals for 2022 crossed the 700,000 mark, with December 2022 recording the highest number of arrivals since the peak of the domestic economic crisis, although still significantly below pre-pandemic levels. Tourism will be a key catalyst to drive the recovery of the economy, particularly in the context of the positive impact it will have on foreign exchange earnings. In light of this, we continue to urge the tourism authorities to expedite the launch of Sri Lanka's much awaited global marketing campaign, especially in our key source markets, particularly to address the perception and lack of awareness regarding the normal environment for tourists.

The progress made thus far in implementing the difficult, yet necessary, reforms and initiatives to revive the economy and overcome the worst economic crisis faced by the country is noteworthy and is required for fiscal consolidation. Whilst it would understandably curtail consumer spend and activity in the short to medium term, the stability and confidence in achieving fiscal consolidation will lead to a more sustained recovery. We urge the authorities to expedite the implementation of much needed public sector reforms, including privatisation, as done by countries when faced with similar challenges in the past, to address the structural and governance issues of the economy to achieve long-term sustainable growth and emerge from this crisis stronger. These reforms will also aid the Government in raising revenue through investment while ensuring better collaboration, technology and knowledge transfer in key industries.

Group Performance

Group revenue at Rs.68.24 billion for the quarter under review is an increase of 27 per cent against the comparative period of last year [2021/22 Q3: Rs.53.88 billion]. Cumulative Group revenue for the first nine months of the financial year 2022/23 at Rs.208.82 billion is an increase of 47 per cent against the revenue of Rs.141.95 billion recorded in the corresponding period of the financial year 2021/22.

Group earnings before interest expense, tax, depreciation and amortisation (EBITDA) at Rs.10.41 billion in the third quarter of the financial year 2022/23 is a 9 per cent increase against the Group EBITDA of Rs.9.53 billion recorded in the previous financial year. This growth is despite the significant decrease in the contribution from the Group's Property business, as compared with the third quarter of financial year 2021/22, which included the revenue and profit recognition from the handover of the residential apartments and commercial office floors at 'Cinnamon Life'. During the guarter, Group EBITDA was negatively impacted as a result of a oneoff deferred tax charge in the Group's Ports and Shipping business, South Asia Gateway Terminals (SAGT) on account of the significant change in income tax rates, amounting to Rs.764 million, as the share of results of equity accounted investees are consolidated net of all related taxes. Excluding the impact of the one-off deferred tax charge, Group EBITDA at Rs.11.17 billion in the third quarter of the financial year 2022/23 is a 17 per cent increase against the Group EBITDA recorded in the third guarter of the previous financial year. Cumulative Group EBITDA for the first nine months of the financial year 2022/23 at Rs.33.04 billion which is an increase of 60 per cent against the EBITDA of Rs.20.70 billion recorded in the comparative period of the previous financial year.

Group profit before tax (PBT) at Rs.2.91 billion in the guarter under review is a 53 per cent decrease against the PBT of Rs.6.24 billion recorded in the third quarter of 2021/22. Excluding the impact of the one-off deferred tax charge, Group PBT at Rs.3.68 billion in the third quarter of the financial year 2022/23 is a 41 per cent decrease against the Group PBT recorded in the third quarter of the previous financial year. Apart from the impact of the lower contribution from the Group's Property business as compared to the corresponding period of the previous year, and impact of the SAGT deferred tax charge, the lower PBT is mainly the result of higher finance expenses due to the significant increase in interest rates and working capital facilities, particularly in the Retail, Leisure and Consumer Foods industry groups. The increase in working capital is largely temporary on account of interventions to ensure continuity of supplies to minimise disruptions. The improvement in supply chains will enable the businesses to gradually revert to more normalised levels of working capital. Further, the PBT of the Holding Company was

impacted by the translation impact of the IFC loan interest payment and the notional non-cash interest charged on the convertible debentures issued to HWIC Asia Fund in August 2022, in line with the accounting treatment, due to the significant difference between the market interest rates and the three per cent interest payable on the instrument. Cumulative Group PBT for the first nine months of the financial year 2022/23 at Rs.20.28 billion is a significant increase against the PBT of Rs.10.38 billion recorded in the corresponding period of the previous financial year.

Profit attributable to equity holders of the parent at Rs.1.98 billion in the quarter under review is a 60 per cent decrease against the comparative quarter [2021/22 Q3: Rs.4.91 billion]. On a cumulative basis, profit attributable to equity holders of the parent at Rs.14.87 billion is a 60 per cent increase against the corresponding period of 2021/22.

Company PBT for the third quarter of 2022/23 at Rs.603 million is a 27 per cent increase against the Rs.476 million recorded in the corresponding period of 2021/22. Company PBT for the first nine months of the financial year 2022/23 at Rs.15.53 billion is a 357 per cent increase against the corresponding period of 2021/22.

The 39,025,204 options issued to the Asian Development Bank under the second phase of the private placement expired on 19 January 2023, without the options being exercised.

Transportation

The Transportation industry group EBITDA at Rs.1.50 billion in the third quarter of 2022/23 is an increase of 7 per cent against the EBITDA for the corresponding quarter of the previous financial year [2021/22 Q3: Rs.1.40 billion]. Excluding the impact of the deferred tax charge on account of the significant change in income tax rates at the Group's Ports and Shipping business, SAGT, the Transportation industry group recorded an EBITDA of Rs.2.26 billion, which is an increase of 62 per cent against the corresponding quarter of the previous financial year.

The significant increase in profitability is mainly attributable to the strong performance of the Group's Ports and Shipping business, South Asia Gateway Terminals (SAGT). Despite the decline in overall volumes at the Port of Colombo, the profitability at SAGT recorded an increase supported by higher revenue from ancillary operations and the continued benefit of the depreciation of the Rupee against the previous year. The Group's Bunkering business, Lanka Marine Services (LMS), recorded a decline in profitability due to a sharp decline in oil prices seen in the month of December 2022.

The groundwork on the West Container Terminal (WCT-1) at the Port of Colombo is progressing well with the dredging works being rapidly completed. The contract for the quay wall construction, a significant component of the overall construction works, was awarded in October 2022. Overall timelines for the project remain as originally envisaged.

Consumer Foods

The Consumer Foods industry group EBITDA of Rs.402 million in the third quarter of 2022/23 is a decrease of 60 per cent against the EBITDA of the corresponding quarter of the previous financial year [2021/22 Q3: Rs.1.00 billion]. The significant decline in profitability is mainly on account of the decrease in volumes in the Beverages, Frozen Confectionery and Convenience Foods businesses. Volumes were affected on account of the price increases undertaken in several SKUs to mitigate margin pressure together with declining consumer disposable incomes which has dampened demand. Further, volumes in the third quarter of the previous year benefited to an extent from the stocking up of inventory post the easing of pandemic related restrictions, which affected the base and therefore the comparative growth in volumes.

With global raw material prices coming off its peak together with declining freight costs, the gradual easing of the country's foreign exchange liquidity position and the improved raw material availability, the pressure on margins, as expected, should start easing from the fourth quarter of 2022/23 onwards since the current inventory sourced at higher costs has largely been depleted.

Chairperson's Message

Retail

The Retail industry group EBITDA of Rs.2.32 billion in the third quarter of 2022/23 is an increase of 2 per cent against the EBITDA for the corresponding guarter of the previous financial year [2021/22 Q3: Rs.2.27 billion]. The Supermarket business EBITDA of Rs.1.99 billion in the third guarter of 2022/23 is an increase of 26 per cent against the EBITDA for the corresponding quarter of the previous financial year [2021/22 Q3: Rs.1.57 billion]. Apart from the significant reduction in the PBT of the Office Automation business, the PBT of the industry group was impacted by higher finance expenses in both the Supermarket and Office Automation businesses due to the significant increase in interest rates on working capital facilities obtained, together with higher levels of working capital to sustain business momentum due to the supply chain disruptions witnessed in the first half of the financial year. The increase in working capital is largely temporary on account of the interventions to ensure continuity of supplies and minimise disruptions, where the improved supply chains is now enabling the Supermarket business to gradually revert to more normalised levels of working capital. The performance of the Supermarket business was also negatively impacted due to the one-off impact on the closing stocks resulting from the increase in the rate of the value added tax (VAT).

The Supermarket business recorded an increase in same store sales driven by a combination of higher customer footfall and basket values due to high inflation. The continuing increase in footfall is positive as it demonstrates the potential for higher penetration of certain customer segments. The revenue of the Supermarket business was supported by the substantial price increases being undertaken by suppliers. However, margins remain under pressure given the significant cost escalations in operations primarily due the increase in electricity tariffs and staff costs. The business will continue to place emphasis on cost optimisation and working capital management.

During the quarter under review, one new outlet was opened bringing the total outlet count to 130 outlets as of 31 December 2022. The business will closely review and monitor the timing of expansion due to the macroeconomic conditions and the uncertainty over construction costs prevailing at present.

The Office Automation business recorded a significant reduction in sales volume due to the continued import restrictions on nonessential items, which was further exacerbated by the steep increase in unit prices of all imported products as a result of the depreciation of the Rupee. The performance of the Office Automation business is now witnessing a gradual recovery as the foreign currency liquidity position of the country has stabilised.

Leisure

The Leisure industry group EBITDA of Rs.1.90 billion in the third quarter of 2022/23 is an increase of 54 per cent against the EBITDA of the corresponding quarter of the previous financial year [2021/22 Q3: Rs.1.23 billion]. The strong performance was driven by the Maldivian Resorts and Colombo Hotels segments. The PBT of the industry group was impacted by higher finance expenses due to the significant increase in interest rates on working capital facilities obtained and on account of the translation impact stemming from the amortisation of leases across the Maldivian Resorts given its US Dollar denomination.

The Maldivian Resorts segment continued its strong performance with occupancies averaging over 90 per cent, supported by arrivals from both traditional and new source markets.

The Colombo Hotels recorded a strong performance in its restaurant and banqueting operations. Occupancies of the Colombo Hotels improved on the back of a gradual recovery in business travel. The Sri Lankan Resorts segment recorded an increase in occupancies during the quarter. Profitability in the Sri Lanka leisure businesses improved against the previous pandemic affected year although margins were under pressure given the rising input and utility costs and the limited revenue from foreign arrivals.

Sri Lanka recorded over 700,000 tourist arrivals for 2022, with December 2022 recording the highest number of arrivals since the peak of the economic crisis. Although arrivals are still significantly below pre-pandemic levels, it is encouraging to witness the gradual pickup in inquiries and forward bookings. The Group is confident that the current recovery trend in arrivals will continue, particularly given the opening of the Chinese borders for international travel after a period of three years and the increase in frequencies of flights by a few major airlines.

While the current situation on the ground has reverted to levels of relative normalcy, the negative perception and lack of awareness, especially in our key source markets, has been a challenge in accelerating the recovery momentum in tourist arrivals. In light of this, we urge the tourism authorities to expedite the launch of Sri Lanka's much awaited global marketing campaign. Sri Lanka continues to remain attractive as a tourist destination given our diverse landscape and unique offerings, with the added competitive advantage from a pricing perspective due to the significant depreciation of the Rupee.

Property

The Property industry group EBITDA of a negative Rs.312 million in the third quarter of 2022/23 is a decrease against the EBITDA for the corresponding quarter of the previous financial year [2021/22 Q3: Rs.707 million]. The third quarter of the previous year included revenue and profit recognition from the handover of the residential apartments and commercial office floors at 'Cinnamon Life' whereas the current quarter did not have any revenue recognition on 'Cinnamon Life'. 'Tri-Zen' is expected to have its next tranche of revenue recognition in the fourth quarter.

Construction activity at the 'Tri-Zen' residential development project is continuing with encouraging momentum. The mechanical, electrical, plumbing work and fit-outs at 'Tri-Zen' are well underway, with the overall project scheduled for completion in end-2023. The current high interest rate regime may result in a slowdown in sales, although this will be off-set to an extent given its positioning as an affordable living solution with a Rupee pricing model which mitigates the risk of fluctuating exchange rates for buyers.

The construction work at 'Cinnamon Life' is progressing well, where the hotel, retail and entertainment components are in the final stages of construction. The fitouts and interior decorating of the hotel rooms and common areas are currently underway. The project encountered several unforeseen challenges since the on-set of the pandemic followed by the domestic economic crisis, particularly in terms of labour mobilisation, foreign exchange constraints, clearing of imported materials and global supply chain disruptions. Whilst the contractor, in discussion with the Company, has continuously replanned and re-sequenced the finishing works to meet the deliverables in a volatile environment, there has been an impact to the overall completion timelines. Taking into consideration the extension in completion timelines as explained below, and the increases in the prices for the cost of finishing, fitouts, interior decor and equipment, the project construction cost which was projected to be approximately USD 900 million, as stated in the Chairperson's Message in the Annual Report of 2018/19, is now estimated to be approximately 10 per cent higher.

Subsequent to the gazetting of the Gaming regulations by the Government in August 2022, the Group is currently engaged in discussions to secure the necessary international gaming expertise to operate at 'Cinnamon Life'. Based on preliminary discussions, it is estimated that the overall fitout of the gaming space will take a period of approximately 12 months once the design aspects are finalised.

Given the re-sequencing of the overall finishing works of the project along with finalising the gaming arrangements and designs, the revised project completion date now takes into consideration the alignment of the hotel and gaming space openings, to ensure the impact of the integrated offering is optimised to its fullest extent. Accordingly, we expect 'Cinnamon Life' will now be operational in the first quarter of 2024/25. We are confident that the convergence of all elements in the launch of the integrated resort will unlock its full potential as a transformative development in South Asia and be a catalyst in creating tourism demand and foreign exchange earnings for Sri Lanka.

Financial Services

The Financial Services industry group EBITDA at Rs.2.85 billion in the third quarter of 2022/23 is an increase of 35 per cent against the EBITDA for the corresponding quarter of the previous financial year [2021/22 Q3: Rs.2.11 billion]. During the quarter under review, the profitability of Union Assurance PLC (UA) was driven by the life insurance surplus which recorded an increase against the corresponding period of the previous year. Further, gross written premiums improved on account of increases in renewal and regular new business premiums. In addition, UA recorded an increase in interest income driven by high interest rates in comparison to the third quarter of the previous year and reallocation of interest-bearing assets.

Despite the impairment charges, as witnessed across the banking industry, on the Sri Lankan Government securities denominated in foreign currency, Nations Trust Bank PLC (NTB) recorded an increase in profitability driven by an increase in net interest margins and cost saving strategies. The total exposure of the investments in this segment is low at approximately three per cent of total assets of NTB.

Other, including Information Technology and Plantation Services

The Other, including Information Technology and Plantation Services industry group EBITDA of Rs.1.75 billion in the third quarter of 2022/23 is an increase of 117 per cent against the EBITDA for the corresponding quarter of the previous financial year [2021/22 Q3: Rs.803 million]. The increase in EBITDA is mainly attributable to the increase in interest income due to the translation impact on the foreign currency denominated cash held at the Holding Company on account of the depreciation of the Rupee. The PBT of the Holding Company was negatively impacted by an increase in finance expenses as a result of the increase in interest rates, the translation impact of the IFC loan interest payment and the notional non-cash interest charged on the convertible debentures issued to HWIC Asia fund in August 2022, in line with the accounting treatment, due to the significant difference between the market interest rates and the three per cent interest payable on the instrument.

The Plantation Services sector recorded an increase in profitability as a result of improved tea prices in comparison with the corresponding quarter of the previous year. The Information Technology sector recorded a growth in profitability driven by growth in revenue.

Diversity, Equity and Inclusion Initiative

During the period in review, the Group's Diversity Equity and Inclusion (DE&I) initiative, under the brand 'ONE JKH', conducted a perception survey to better understand employee awareness and sentiment towards increasing career opportunities for persons with disabilities (PWD). This was one aspect of a structured phased-out roadmap, which includes identifying roles across all our industry sectors, that can be performed by PWD with reasonable accommodation, the appointment of Supported Employment Officers, and conducting job mapping and awareness sessions by industry experts.

In December 2022, 'ONE JKH' was the principal sponsor of the event 'Our Story' organised by the Disability Organisation Joint Front in commemoration of the International Day of Persons with Disabilities, with the objective of sensitising various stakeholders on the challenges faced by PWD in Sri Lanka.

Sustainability Initiatives

During the quarter under review, the Group's carbon footprint per million rupees of revenue decreased by 25 per cent to 0.38 MT while the water withdrawal per million rupees of revenue decreased by 17 per cent to 7.56 cubic meters. In absolute terms, the Group's carbon footprint and water withdrawal increased by 1 per cent and 12 per cent to 25,692 MT and 516,299 cubic meters, respectively, due to higher levels of operational activity during the guarter compared to the corresponding quarter of the previous year, particularly in the Leisure and Supermarket businesses. On average, Group employees were provided with six hours of training per employee, whilst 49 occupational injuries were reported during the quarter.

Chairperson's Message

Plasticcycle

The social entrepreneurship project of the John Keells Group, 'Plasticcycle', continued the collaboration with District Secretariats (DS) to conduct awareness sessions among school children, with the focus being the Kotte DS area during the period under review.

Corporate Social Responsibility

Cognizant of the multiple economic hardships faced by the people of the country, and in recognition of the Group's role as a leading responsible corporate citizen, the John Keells Foundation (JKF) in partnership with the Group businesses, continued its multipronged crisis response programme focusing in the areas of food security in proximity to our business communities, access to education and nutrition among vulnerable segments such as school children. The progress update for the quarter is as follows:

- Increasing access to nutrition: 1,082 families around 'Elephant House' factories and 'Cinnamon Hotels & Resorts' have been supported through home gardening projects to achieve a cumulative harvest of approximately 14,800 kg as at the end of November 2022.
- Alleviating malnutrition in children: through the 'Pasal Diriya' school meal programme, four school kitchens were constructed and over 57,000 daily meals were provided to 1,290 school children and 230 pre-school children.
- Alleviating hunger: through the 'Keells' dry ration donation pack programme over 22,000 distributions have been supported in over 120 locations across the country.
- Increasing local food production and livelihood enhancement: implementation work on establishing infrastructure to enhance farmer capacity through Good Agriculture Practices on 28 farmlands amounting to 19 acres in Beruwala, Habarana, Kandy, Trincomalee and Weerawila.

 Increasing access to online education: through the 'John Keells Praja Shakthi' Digital Learning Initiative Phase 2, 80 tabs and data packages were distributed to students from 11 schools in Colombo 2, Ja-Ela and Ranala.

In addition to the crisis response initiative, JKF's on-going work during the quarter under review included the following:

Under Project WAVE (Working Against Violence through Education), the following initiatives were conducted:

- To mark the International Day for the Elimination of Violence Against Women in strategic partnerships with the Bar Association of Sri Lanka and the Capital Maharaja Group, an interactive forum for lawyers, judges and police officers in Kurunegala, a panel discussion aired on a national TV channel and social media and staff awareness campaigns were conducted. 62 staff of 'Cinnamon Hotels & Resorts' went through a training of trainers programme to raise awareness and develop internal child protection trainers.
- A week-long social media awareness campaign targeting National Children's Day.

Under 'John Keells Praja Shakthi', the following initiatives were implemented:

- Public vesting of a fully equipped Child Learning Centre established at the De Mel Park Community Centre in Colombo 2, in collaboration with ChildFund Sri Lanka and the Colombo Municipal Council.
- A substance abuse prevention awareness programme for 183 parents of preschool children in collaboration with the Divisional Secretariat Ja-Ela and Humedica Lanka.
- A set of mental wellbeing and motivational programmes for a total of 276 G.C.E. Ordinary Level students identified as underperforming and recording low attendance from 24 schools in Ja-Ela.

 'Cinnamon' Rainforest - The forest restoration project with Ruk Rakaganno recorded the planting of 15,020 seedlings, exceeding the target set in collaboration with the Forestry Department. Three successful volunteer programmes were also conducted.

Under Arts & Culture:

- In its mandate to build capacity in the sphere of arts in Sri Lanka, the Museum of Modern and Contemporary Art (MMCA) collaborated with the Reinwardt Academy, Amsterdam to host a 4-day art training programme. The MMCA recorded 16,000 visitors for its 'Encounters' exhibition.
- Applications for the 30th Gratiaen Prize and H.A.I.G. Prize for Translations received.
- An exhibition titled 'Ena de Silva and the Making of a Sri Lankan Modern' that celebrated textile arts practice in Sri Lanka by the iconic artist Ena De Silva was presented by Aluwihare Heritage Centre.

Dividend

Your Board declared a second interim dividend of Rs.0.50 per share to be paid on or before 1 March 2023, taking into consideration the recent trend of dampened consumer sentiment amidst the continued elevated inflation and high interest rates and the possible business impact on account of the significant increase in personal income taxes from January 2023 onwards.

Appointment of Director

As announced to the Colombo Stock Exchange, Dr. Sharmini Amrita Coorey was appointed as an Independent Non-Executive Director of John Keells Holdings PLC with effect from 1 January 2023.

Krishen Balendone

Krishan Balendra Chairperson 31 January 2023

1 Corporate information

John Keells Holdings PLC is a public limited company incorporated and domiciled in Sri Lanka and listed on the Colombo Stock Exchange. Ordinary shares of the company are listed on the Colombo Stock Exchange and Global Depository Receipts (GDRs) are listed on the Luxembourg Stock Exchange.

2 Interim condensed financial statements

The financial statements for the period ended 31 December 2022, includes "the Company" referring to John Keells Holdings PLC, as the holding company and "the Group" referring to the companies whose accounts have been consolidated therein.

3 Approval of financial statements

The interim condensed financial statements of the Group and the Company for the nine months ended 31 December 2022 were authorised for issue by the Board of Directors on 31 January 2023.

4 Basis of preparation and changes to the group's accounting policies

4.1 Basis of preparation

The interim condensed consolidated financial statements for the nine months ended 31 December 2022 have been prepared in accordance with LKAS 34 Interim Financial Reporting.

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Group's annual consolidated financial statements as at 31 March 2022.

The presentation and classification of the financial statements of the previous period have been amended, where relevant, for better presentation and to be comparable with those of the current period.

The interim condensed financial statements are presented in Sri Lankan Rupees (Rs.) and all values are rounded to the nearest thousand except when otherwise indicated.

The tax liability arising from the Surcharge Tax Act No: 14 of 2022 has been accounted as recommended by the (Addendum to) Statement of Alternative Treatment (SoAT) issued by the Institute of Chartered Accountants of Sri Lanka as disclosed under the note 8 to the financial statements.

4.2 Fair value measurement and related fair value disclosures

The fair values of all the financial assets and financial liabilities recognised during the quater were not materially different from the transaction prices at the date of initial recognition. There were no transfers between Level 1 and Level 2 and no transfers into or out of Level 3 categories as per the fair value hierarchy, during the quarter. The fair value changes on financial instruments in Level 3 category was properly recorded in the statement of other comprehensive income and there were no purchases and/or disposals during the period.

Fair valuation was done as of 31 December 2022 for all unquoted equity shares classified as Level 3 within the fair value hierarchy according to fair valuation methodology. Fair value would not significantly vary if one or more of the inputs were changed.

5 Operating segments

For management purposes, the Group organised into business units based on their products and services and has seven reportable operating segments as follows: Transportation Consumer Foods Retail Leisure

Property Financial Services Others

6 Change in insurance contract liabilities

The results of Union Assurance PLC are consolidated line by line into the Group's consolidated income statement. The change in insurance contract liabilities represents the transfer to the Life Fund, the difference between all income and expenditure attributable to life policy holders during the period.

Surcharge tax

Surcharge Tax Act No. 14 of 2022 was enacted on 8 April 2022 and is applicable to the John Keells Group as the collective taxable income of companies belonging to the Group, calculated in accordance with the provisions of the Inland Revenue Act No. 24 of 2017, exceeds Rs. 2,000 million, for the year of assessment 2020/2021. The liability is computed at the rate of 25 per cent on the taxable income of the individual Group companies, net of dividends from subsidiaries.

Total Surcharge Tax liability of Rs. 1,749 Mn and Rs.666Mn has been recognised for the Group and the Company respectively as an opening adjustment to the 1 April 2022 retained earnings in the statement of Changes in Equity as per the Addendum to the Statement of Alternative Treatment (SoAT) issued by The Institute of Chartered Accountants of Sri Lanka. South Asia Gateway Terminals (Pvt) Ltd (SAGT) and Nations Trust Bank PLC (NTB) are liable to pay Surcharge Tax on the respective individual entity level. The Group share of total Surcharge Tax liability of Rs. 1,276 Mn has been included in Surcharge Tax charge recognised in the Group Statement of Changes in Equity as an adjustment to the 01 April 2022 opening retained earnings.

Income tax and Deferred tax

Income tax and Deferred tax have been provided as per the new rates legislated per the Inland Revenue (Amendment) Act No 45 of 2022.

12 Governance

In furthering its governance and transparency practices, as routinely reviewed, the Group recorded its policy for bidding on contracts and tenders, which entails a standardised set of guidelines for bidding, including to those of local and foreign government and related bodies. The Company does not have any contracts with any local and foreign Governments and will disclose the same in its financial statements, in such an event.

13 Contingencies, capital and other commitments

There has been no significant change in the nature of the contingencies and other commitments, which were disclosed in the annual report for the year ended 31 March 2022.

14 Events after the reporting period

The Board of Directors of the Company declared a second interim dividend of Rs. 0.50 per share for the financial year 2022/23. As required by section 56 (2) of the Companies Act No. 07 of 2007, the Board of Directors had confirmed that the Company satisfied the solvency test in accordance with section 57 of the Companies Act No. 07 of 2007, and obtained a certificate from auditors, prior to declaring the dividend, which is to be paid on or before 1 March 2023.
